Q4 Membership Survey - Questions & Responses - **Cultural Building**

Q. Will it include community gardens, teachings of food security and traditional harvest?

A. The hope is yes, there are other plans also working towards this.

Q. Four years ago the band had the community choose property for the cultural grounds and we blessed the area with a burning. How can you go ahead and change the location to one with high potential of sinkholes? The area chosen has very little parking space for the number of people who will utilize the cultural building. How can we fix this?

A. That area was selected and prepped specifically for the Long house or smoke house.

Q. Will the community and Seabird organization run this in collaboration?

A. Not sure how to answer this.

Q. Who would run this as we have a huge variety of different beliefs?

A. Not exclusionary.
